

SUPERFUND TECHNICAL & ENFORCEMENT BRANCH
Week Ending June 6, 2008
SITE ASSESSMENT TEAM
WEEKLY ACTIVITY REPORT

SITE ASSESSMENT

Miscellaneous – Continue to review site assessment reports and discuss recommendations with States. Answered calls from citizens and contractors on Superfund sites. **Turner x6666, Kendrick x2240, Cook x7436, Ofosu x3178**

Team Meeting – Attended team meeting on June 2. **Turner x6666, Cook x7436, Kendrick x2240, Ofosu x3178**

HQ Tribal Forum Call – Participated on the monthly Tribal Forum conference call with HQ and Regions on June 3. Topics of discussion included risk assessment process involving the Duwamish Tribe in Region 10, OSWER starting an advisory group wanting Tribal participants from all Regions and update on Tribes and Brownfields. **Turner x6666**

DoD Sites w/out SSSRs – Waiting for comments regarding the current status of these sites from BRAC/RCRA to complete SSSRs for them. **Ofosu x3178**

Leander ISD (Grandview Hills Elementary School), Leander, TX – Provided a briefing for EPA management. Contacted the Assistant Superintendent of LISD to schedule a meeting. LISD is willing to meet; however, a meeting date has not yet been established. TDSHS provided EPA with a draft copy of their health consultation regarding indoor air at the new school. TCEQ has reviewed the Baseline Sub-Slab Vapor Sampling Results report and is prepared to issue a letter recommending no further action (environmental) at this site; however, TCEQ is waiting to issue this letter until after it has reviewed the TDSHS evaluation. **Kendrick x2240**

Leo Miller Road Site, Taft, TX – TCEQ's Corpus Christi office issued an NOV to Sherwin Alumina for releases of nuisance dust from its red mud lagoons in April 2008. A copy of this NOV was provided to EPA. TCEQ continues its investigation into the release of red mud (a Class II Industrial Waste) along local area roadways. Sherwin Alumina provided supplemental information to EPA regarding its red mud lagoons and its plant operations. EPA is currently awaiting analytical results from the samples collected during the week of May 5. **Kendrick x2240**

Attebury Grain Storage, Happy, TX - Received comments from Attebury Grain against NPL inclusion. Reviewed HRS package in lieu of comments and worked with EPA HQs, HRS package contractor and HQs QA contractor to develop draft Response to Comment Outline. Attended site team meeting to give status of site in lieu of comments and participated in two conference calls.
Cook x7436

Oklahoma Refining Corporation, Cyril, Oklahoma - Provided technical assistance to Region 6 RPM and ORC regarding Department of Justice request for information. **Cook x7436**

GENERAL/ADMINISTRATIVE

Administrative Work – Multiple travel arrangements, in-filing, ordering supplies, distribute mail, and other duties as required.
Birdwell x6496
